

# WATERPROOFING SOLUTIONS

*We create healthy and safe environments through innovative building, foundation and waterproofing solutions.*

**KC**

Waterproofing  
Solutions

*A KC Building Solutions Company*

**KC Waterproofing Solutions is the leading waterproofing contractor in the Kansas City area. We have a full time team of NAWSRC certified and trained waterproofing specialist.**

*Waterproofing Solutions: Our experts can assess and solve all your waterproofing challenges including:*

- *Interior and exterior drainage systems designed to catch water from wall cracks, windows and tie rod holes*
- *With Water Trek® certified installation and products KC Waterproofing can solve any situation encountered under the floor. This patented and innovative system is versatile and comes with a lifetime warranty. We custom design each system to your specific sub floor situation. Our exclusive, versatile, “no clog” self washing, adjustable depth system creates a dry basement – forever!*
- *The Cove Base is an integral part of the Water Trek two-piece system. It fits on the wall and channels water from the wall above the floor to the sub-floor Water Trek system.*
- *Foundation Cracks are a major cause of leaks in foundations. To properly repair a leaking crack, we seal it completely from one side of a wall*

*through to the other. KC Waterproofing Solutions uses the patented WEBAC® system for flexible urethane injections. WEBAC® is such a superior crack repair product that it is backed by a Lifetime Warranty never to leak again, period.*

- *Sump pump installation and repair to pump the water away from your foundation and battery back up systems so you’re prepared for the next power outage.*
- *Mold abatement and prevention by eliminating the water source and full remediation of mold.*
- *Basement Refinishing systems are self-contained, studless wall panels that can be installed easily as part of your waterproofing system. In addition, the modules are made from 100% recyclable, green materials and can be painted to match your décor.*

**ABOUT KC WATERPROOFING,  
A KC BUILDING SOLUTIONS COMPANY**

Since 1985 Don Derry has been a leader in the Kansas City structural repair industry. Started as KC Waterproofing, the company has expanded to three separate divisions: KC Waterproofing Solutions, KC Foundation Solutions and KC Environmental Solutions and are all part of KC Building Solutions family. These three distinct service areas allow us to specialize in structure specific solutions for new construction or repairs to existing structures. Whatever the structural challenge, we have a solution.

**TRAINING AND CERTIFICATION**

*Our crew members receive the best training in the industry. In addition, team members have industry certifications that give another layer of expertise and security to our clients. Certifications include:*

- *Certified Basement Technology installer.*
- *Certified NAWSRC Waterproofing Contractors*
- *IICRC certified Water Damage Restoration Technicians*
- *Certified Structural Repair Technicians*
- *Certified Asbestos Remediation Supervisors (META)*
- *Certified Microbial Remediation Supervisor (IAQA)*
- *Licensed contractor for asbestos removal in the states of Kansas and Missouri*
- *Certified RamJack installer*
- *Trained in bio-recovery and crime scene clean-up*
